DS900X MY25 FEATURES

Engine

895cc in-line twin-cylinder engine with 270º Crankshaft. Liquid cooling with 8-valve DOHC and slipper clutch. Maximum power of 70Kw (95HP) at 8,250 rpm and a maximum torque of 95 Nm at 6,000 rpm.

KYB Suspension

High specification KYB upside-down forks are fully adjustable, and a rear KYB adjustable mono-shock.

Impressive Brembo braking with ABS.

Formidable stopping power due to twin Brembo callipers with 305mm discs up-front, and a single Brembo calliper with 265mm disc at the rear. The braking system is further enhanced by dual-channels ABS that can be switched off for trail riding.

7" display

The large 7" full colour display is clear and provides all the usual information as well as several advanced features like tyre pressure monitoring.

Keyless Go

Keep your key fob safe in your pocket and simply press the VOGE logo to turn on the bike. This system improves both ease of use and adds to security.

Heated Seat and heated grips

Heated seat and heated grips are fitted as standard to maximise comfort, especially in the British weather! The heater controls are seamlessly integrated into the switchgear.

Pirelli tyres

The tubeless Pirelli Scorpion Trail II tyres are perfectly suited to an Enduro style motorcycle with a road touring setup. Sporty and durable for long road trips, but still capable of small off-road excursions when required.

Full LED lighting

Full LED lighting front and rear, including indicators and the hi-power integrated spotlights that are fitted as standard for improved visibility.

Luggage system

High quality three piece aluminium luggage system available for just £699. (RRP £1,399).

Warning RADAR

Blind spot assistance RADAR lights warning LED's in your mirrors when it detects vehicles nearby. This is especially useful in busy urban areas.

Cruise Control

The cruise control system can be effortless operated by the large paddle style with on top of the left hand switchgear.

Dash Cam

Front facing dash cam fitted as standard just above the headlight. Dash cam footage can be viewed to watch back your ride, and is increasing valuable in the case of any non-fault insurance claims too. The camera works through the VOGE APP and can also take still photographs while on the move by pressing the button on the right handlebar switchgear.

Engine bars, Main stand, Hand guards, two power sockets and adjustable windshield.

The VOGE 900DSX has engine bars for protection, a main stand for ease of maintenance, hand guards for safety, two power sockets both USB and 12V style and an adjustable windshield all fitted as standard. There is no need for expensive accessories as the bike comes fully loaded with everything you need adding significantly to the value for money.

Quick shifter

A quick shifter is fitted as standard for effortless gear changes.

Electronic rider aids

The 900DSX has advanced electronics including four switchable power modes, Sport, Rain, Enduro and Road to assist the rider in any situation. Traction control also included.
